

WAYNESBORO POLICE FOUNDATION

Waynesboro, Virginia

CARE TRAK SYSTEMS

Some Waynesboro citizens suffer from Alzheimer’s, Autism or Down syndrome. As a result, they may wander off from their homes. The Waynesboro Police Department and other first responders are often called upon to help locate them. The Care Trak telemetry based tracking system greatly enhances the department’s ability to safely and quickly locate them and return them home.

This investment in public safety was made possible in 2017 thanks to a generous donation from the WoodmenLife Chapter 316 in Waynesboro, the Walmart Community Grant Program and a personal donation made by a concerned citizen.

CARE TRAK INTERNATIONAL, INC.

Our Mission
Our goal at Care Trak is to save lives.
Care Trak created telemetry based tracking for people at risk in 1986. Since then our equipment has located thousands of Alzheimer’s wanderers and children with special needs such as Autism, Down syndrome and other conditions and brought them home safely.

Care Trak in Motion

 WoodmenLife, Chapter 316 Waynesboro VA with Melanie Rhodes.
March 28 · 🌐

Member and Representative Melanie Rhodes presented a check to Chief Michael Wilhelm of the Waynesboro Police Foundation to purchase equipment for the Care Trak program, which provides electronic tracking for seniors and special needs children who wander off from familiar surroundings.
